Nicolas Fei died at forty-nine after losing his family and clan in an unwinnable war, only to awaken at sixteen with three decades of foreknowledge. Armed with knowledge of coming assassins, betrayal, hidden treasures, forbidden arts, alchemy, and black lightning, he sets out to rewrite his fate, save his father, rebuild his clan, and change the outcome of the war he already lost.

ABOUT THE FRONT LIST

REPORT SECTIONS

NEW DISCOVERY

A title appearing on the Front List for the first time.

FEATURED THIS WEEK

A tracked title currently demonstrating Active or Sustained Momentum.

CONTINUING COVERAGE

A previously tracked title that remains on the Front List but is not Featured This Week.

ARCHIVED THIS WEEK

A title removed from active tracking because the opportunity has closed or Front List coverage has otherwise ended.

MOMENTUM FRAMEWORK

Titles that appear on the Front List continue to be monitored each week using a proprietary momentum framework.

The **Momentum Score** is a proprietary 0–100 score that reflects three components: current Kindle Store Rank strength, week-over-week Kindle Store Rank movement, and week-over-week ratings growth.

The score is used to help classify titles as **Active Momentum, Sustained Momentum, or Cooling** and to track changes in commercial trajectory over time.

The Momentum Score is designed to compare titles within the Front List and should not be interpreted as an absolute measure of commercial success.

The exact methodology, weighting, and classification thresholds are proprietary and intentionally not published.

ABOUT THE METHODOLOGY. Learn more about how Front List Intel identifies titles with both meaningful market activity and meaningful publishing opportunity at frontlistintel.com/methodology.html.

AFFILIATE DISCLOSURE. Front List Intel participates in the Amazon Associates Program and may earn commissions from qualifying purchases made through links in this report, at no additional cost to you.
